EDUCATION

Anuradha Engineering College

B.E in Information Technology

CGPA: 6.58

Chikhali, Maharashtra

Expected Graduation, May 2023

PROFILE SUMMARY

Aspiring Full Stack Java Developer with proven ability to design, develop, and deploy RESTful APIs, microservices, and responsive web applications using modern frameworks and best practices.

- Frontend Expertise: HTML5, CSS3, JavaScript (ES6+), React.js, Angular 17.
- Backend Proficiency: Spring Boot, Node.js, MongoDB, MySQL, with hands-on experience in Hibernate and Spring Data JPA.
- Skilled in scalable, secure application development with JWT-based authentication and advanced state management using Redux and Zustand.
- Experienced in end-to-end project lifecycle management, from requirements gathering to deployment and maintenance.
- Actively enhancing expertise in cloud technologies (AWS), Git-based version control, and industry-standard coding practices.

SKILLS

Programming Languages: Core Java, Python ,JavaScript (ES6+), HTML5, CSS3, SQL, C++, C, React.js, Angular 17, Spring Boot, Spring Data JPA, Hibernate, Node.js

Databases: MySQL, SQL ,MongoDB

Tools & Technologies: Tailwind CSS, Axios

Key Concepts: RESTful APIs, JWT Authentication, Responsive Design **Cloud**

Platforms: AWS, GCP

CI/CD Tools: Jenkins

Containerization & Orchestration: Docker, Kubernetes **Scripting**

Languages: Python, Bash

Version Control: Git

PROJECTS

Blogging-Website

June 2024

Tools: React, Tailwind CSS, Axios, Redux, Spring Boot, MongoDB, JWT

An interactive platform enabling users to register, authenticate ,and manage food-related tasks with a focus on performance Responsibilities:

- Developed a **responsive and user-friendly interface** using React and Tailwind CSS, optimizing for both desktop and mobile.
- Implemented secure user authentication and authorization mechanisms with JWT.
- Implemented **secure authentication and role-based authorization** using JWT, ensuring safe user access control.
- Built and integrated **RESTful APIs** with Express.js and MongoDB for efficient CRUD operations..
- Managed global state with **Redux**, ensuring seamless UI updates and consistent data handling.
- Enhanced **performance and scalability**, enabling smooth browsing and interaction even with large datasets.

Feb 2024 – March 2024

Tools: Html, CSS, JavaScript

A personal portfolio showcasing projects, skills, and Responsibilities:

Developed the front-end using, ensuring a responsive design that works seamlessly across desktops, tablets, and mobile devices.

- Built a modern and interactive web page using HTML5, CSS3, and JavaScript.
- Ensured cross-device compatibility with a fully responsive design.
- Deployed the project using version control tools like Git.

ACADEMIC ACHEIVEMENTS

- Led the college graphics design team, organizing and managing various design projects and events to enhance the team's creative output and visibility.
- Completed C Programming Certification through Sololearn.
- Earned a Full Stack Java Developer Certification from SEED Infotech Private Limited.

Certification

- C Language Certification – Sololearn
- Full Stack Java Developer Certification – SEED Infotech Private Limited
